Who We Serve

We serve only homeless women over the age of 18 who are able to work and willing to attend development classes and have been residents of Northern Nevada for at least three months.

We do not discriminate on the basis of race or ethnic group in regards to placement.

Hosanna Home serves women under voluntary placement exclusively, who have no criminal records of violent and sexual-related crimes. Our home is not equipped for the intensive supervision required to manage such needs.

Background investigations will be conducted on each applicant.

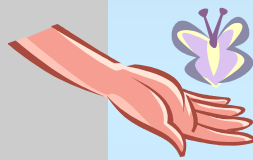

Hosanna Home is not equipped to accept women who have active substance abuse addictions. All residents must be clean and sober for at least one year prior to entering **Hosanna Home**.

Our Programs

Women will find support and a sense of belonging to a family at **Hosanna Home**, while learning about responsibility, accountability and respect for themselves and others.

Hosanna Home's goal in programming is to promote spiritual, mental and physical health while teaching successful life skills. The confidence that women find at **Hosanna Home** will help end the cycle of homelessness and benefit the community at large.

Hosanna Home programs are designed to create a home environment and to foster an atmosphere of learning. Our staff work with community partners to create and maintain on-going programs that are continually evaluated and upgraded to provide the best fit for the needs of each individual resident.
